

## REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

Q66818

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and

joint inventor (if plural names are listed below) of the subject matter which is described and claimed

in patent number 5,982,407 granted November 9, 1999, and for which a

reissue patent is sought on the invention entitled COLOR PRINTER

the specification of which

☒ is attached hereto.

☐ was filed on \_\_\_\_\_ as reissue application number \_\_\_\_\_ / \_\_\_\_\_  
and was amended on \_\_\_\_\_

(If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This is a broadening Reissue Application. At least one error is that independent claims 1, 7, and 12, recite "a modulator which modulates the intensity of a laser beam with image data of one color". However, the

invention does not necessarily require a "laser beam"; instead, the invention more broadly is applicable to any light, including that emitted by an LED.

Therefore, the claims have been amended to change "a laser beam" to the broader term - "a light--".
